SOLE Events For You

**By William Hogelin, D.M.L.
Chapter Chair**

This month has been full of successful events and marked change. The events leading towards a successful transition to a state-wide organization continue to fall into place. In addition, dynamic leaders and managers are reaching back to the organization to assist in bridging the gap between internal training and global enterprise capability. Changes in the way we do business tomorrow are changing the way we train now.

Earlier in the month, we had a farewell luncheon for Major Paul McCullough, our Vice-Chair Education as he continued on his career path and headed to training before taking a new job at the Pentagon. He talked about the backbone software "SOSCOE: Changing the Game of Service Oriented Architecture for the Army" from his position as APM Software Integration. It was obviously a popular subject from the new interest it generated.

Next, we had our annual Symposium on May 18th. All the Board, the committee members, and folks just

wanting to help out contributed to this years' successful program. We had attendees from Picatinny, ITT, TACOM, Aberdeen, Tobyhanna, CECOM, and industry listen to speakers from the Pentagon, DAU, TARDEC PEO Integration, FBI, D2Team-SIMS, CSC, CECOM LRC, and XIO Strategies. Ken East's list of presenters provided an end-to-end overview of current and future logistics challenges and direction. Hopefully, this overview helped the folks looking towards their future decide their next steps in their endeavors.

Coming up is our Election Luncheon, free to all members. It will be held June 1st at the Grand China Buffet. This dual-purpose luncheon also serves a terrific networking opportunity for new members to meet some of the elder statesmen. You are welcome to join that day if so inclined.

On June 3rd, I will be leaving federal service after 32 years. I plan to continue active participation in the Garden State Chapter and the National Society. In the fall, I will be meeting with folks at other locations who have expressed interest in linking up with our Chapter.

On July 20th, we have speaker Robert Lamanna, Logistics Management Specialist, CECOM LCMC HQ LRC Strategic Sustainment Support Office talking on "Team C4ISR Implementation of the DoD Product Support Assessment Team Life Cycle Support Recommendations". Please try to join us at this monthly luncheon to learn more.

Respectfully,
Bill Hogelin

I would like to welcome all the new members who joined our Chapter and look forward to seeing all of you at the next luncheon. All members are reminded to submit their renewal membership forms, with the applicable yearly renewal fee (\$35 in almost all cases) to me, versus mailing it into SOLE National Headquarters. The \$95 per person subsidy is a local Chapter nuance, and it only applies if you follow these guidelines. Applications and remittances sent to National Headquarters directly do not get the \$95.00 subsidy applied. I can be reached at: william.mclean2@us.army.mil.
